Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Clinton City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Clinton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Clinton to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Clinton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Clinton, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Clinton, and the name, official personnel, nature and address of each firm and corporation in the city. A special feature of this section is the listing of telephone numbers.

828436

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE CLINTON RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Clinton.

The Clinton Out-of-Town City Directory Library

Through the courtesy of the publishers of the Clinton Directory, a Directory Library is maintained in the offices of the Clinton Chamber Of Commerce, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Clinton, North Carolina

In the greater Clinton area there is an estimated 15 thousand population. Clinton is the trading center for a wide agricultural area, having also, industrial plants, which give employment to hundreds of workers in the manufacturing of furniture, tobacco oil curers, home heating units, electrical appliances, lumber, fertilizer, ladies and children's clothing, textiles and ice cream. A meat packing plant established in 1950 now processes 400,000 hogs or more per year. Farmers in the area are paid close to \$22 million dollars yearly for hogs slaughtered by this firm. The firm employs three hundred people on a full-time basis.

Hamilton Beach products are manufactured in Clinton by Hamilton Beach-Clinton Division, a branch of Scovill Manufacturing Company. This company employs hundreds of people in the manufacturing of: food mixers, liquid blenders and gourmet center with attachments.

A tobacco market was established in 1945. The market sold 9,369, - 606 pounds at a price of \$8,210,614.60 in 1972. Clinton is the world's largest One Set Tobacco Market. We claim the largest livestock arena in Eastern Carolina . . . used for Pure Bred Stocker Feeder cattle sale.

Our shopping facilities in Clinton are excellent. The stores and shops in the city are modern, attractive, offering brand named, quality merchandise. The city maintains 3 large free parking lots for people to "Park and Shop in Clinton," as well as 4 metered lots.

Downtown Clinton on a wet, summer evening

Clinton, although commonly known as an agricultural community, is now a growing industrial city. In 1958, the city won outstanding recognition and a bronze plaque for outstanding progress in industry. We have several new industries to add to our present manufacturing.

To visit Clinton, North Carolina brings the desire to live in Clinton. To live in Clinton is to love it. To catch the "Spirit of Clinton" which is predominant, brings the progress which we enjoy.

WATER SERVICE--For information concerning water supply and service or payment of your water bill, call Water Department, City Hall, 592-2260.

SAMPSON COUNTY

Sampson County, named in honor of Colonel John Sampson, was formed in 1784. The first settlers, predominantly Scotch and Irish, began to arrive in the area now known as Sampson County about the middle of the eighteenth century.

The present population 44,954 consists mainly of descendants of the pioneers and of those who came later. The proportion of Negroes is quite large, and small colonies of Indians live on South River and in Herring Township.

Sampson County is in the southeastern part of North Carolina. The topography is gently rolling, although many flat areas occur. The elevation above sea level ranges from about 65 feet to 200 feet. The mean annual temperature is 61.7 degrees, and the annual growing season is 222 days, average yearly rainfall is 47.15 inches.

Clinton, the county seat, is the oldest city. It was incorporated in 1852. Other towns in the order of their incorporation are: Roseboro, Autryville, Salemburg, Garland, Turkey, Parkersburg, Newton Grove and Harrells.

Sampson County's most noted sons were William Rufus King, elected Vice-President of the United States in 1852, and Gabriel Holmes, governor of North Carolina from 1821 to 1824. A monument to Rufus King stands on the courthouse square. Historical markers on U. S. Highway 701, point to the birthplaces of Vice-President Rufus King and Governor Gabriel Holmes.

Sampson County is the largest county in the state and was created in 1784 by Act of Assembly dividing Duplin County. Divisions of New Hanover in 1795, 1847, 1870 and 1872, annexing various parts of the county to Sampson, account in part for its present size.

Sampson is served by Seaboard Coast Line Railroad. Two major bus lines provide highway transportation to all portions of the county. The Carolina Power and Light Company provides electricity for its own distribution line. The Carolina Telephone & Telegraph Company has exchanges at Clinton, Roseboro, Garland and Newton Grove. The Star Telephone Membership Corporation has automatic dial exchanges in the rural communities.

The Clinton Airport is operated by R. A. Naylor, owner of the Clinton Flying Service. Planes are available for charter trips, or for instruction. The new airport has a 3,300 foot runway.

Sampson's farm income is \$75,760,924. Although farming predominated for years, the past two decades have witnessed the development of Sampson County into an industrial area.

Clinton is the world's largest one set tobacco market. Largest Livestock Arena in Eastern North Carolina.

Concerted efforts have resulted in forty industries locating in Clinton, Salemburg, Roseboro, Newton Grove and Garland. The largest acquisition is Hamilton Beach-Clinton Division, a branch of Scovill Manufacturing Company of Waterbury, Connecticut. The industrial community is widely diversified as to products. Beaunit Mills Inc. was Clinton's newest major industry. The multi-million dollar factory is the world's most modern.

Libby-Owen-Ford Inc. has a \$2 million building constructed. Manufacturing was underway the last quarter of '71. They have 120 employees at present. They manufacture Thermopane insulating glass.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1973

Star ★ Preceding Name Indicates NEW HOUSEHOLDER This Edition.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ○ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Star appearing between street number and name of occupant denotes new householder this edition.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed; and the telephone used when possible.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

A STATEMENT of ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
